INFORMATION DISCLOSURE STATEMENT

Sir:

This is an additional Information Disclosure Statement submitted for the above identified application.

Also enclosed is a Form PTO-1449 listing the new references which come from a PCT Search Report dated January 7, 2005 and received by the undersigned on January 12, 2005. Copies of the references (other than the U.S. patent references) are also enclosed. The PCT application No. PCT/CA2004/001648 in which the Search Report has been issued corresponds to the present U.S. application.

In accordance with the duty of disclosure under 37 CFR §1.56, applicants submit the enclosed cited references because they were cited in the aforementioned search report and may be material to the examination of this application.

While the cited references may be "material" pursuant to 37 CFR §1.56, it is not intended to constitute an admission that any document referred to herein is "prior art" for this

invention unless specifically designated as such.

In fact, it is not believed that these new references add anything more relevant than has been indicated in the previous IDS filed with the application.

It is believed that no fee is due since this Information Disclosure Statement is being filed within three (3) months from the date of the PCT Search Report and prior to the receipt of the first office action in this case. However, the Commissioner is hereby authorized to charge to deposit account 162472 any fee, if such is found due, in order to submit this Information Disclosure Statement.

Respectfully submitted,

Date: January 18, 2005
